

SAN CARLOS APACHE TRIBE

2023 COMMUNITY RESOURCE GUIDE

DAGOTEE,

Strong families are the cornerstone of strong communities. Physical well-being and lifelong health begin at birth and continue to develop as we grow. These enable our children to become productive and contributing community members.

Families are our children's first and best teacher. It is important that parents and caregivers have the information and support they need to make the best choices. First Things First, the San Carlos Apache Healthcare Corporation and the San Carlos Apache Tribe Department of Health & Human Services have partnered to bring you this guide. It contains information on the programs, organizations and resources available in our area.

The staff at First Things First are available at (928) 425-8172 to help families looking for support. They have several programs that specialize in the health and development of young children and families.

The mission of the San Carlos Apache Healthcare Corporation (Izee' Baa Gowah) is to heal, serve and empower the Nnee/Ndee (Apache people) while honoring the traditions through a caring, compassionate and respectful patient-family centered team. A staff member is available at (928) 475-1400 for your healthcare needs.

The mission of the San Carlos Apache Tribe Department of Health & Human Services is to increase the health and well-being of the San Carlos Apache Tribe by promoting educational and healthy lifestyles; delivering the highest quality services while continuously embracing our history and strengthening pride in our cultural identity.

We hope this information will be useful to you as we work together to build a better future for our children, our families and our community!

f: Safford City-Graham County Library

Library Hours: Monday - Thursday: 10 a.m.
- 7 p.m.

Services: Audio books, Online and physical books, Talking book for the elderly, children program, teen programs, coding club, science city

Mission: That it was the mission for the City of Safford to make the City of Safford a great place to work, live and visit. We examined what the important factors were to accomplish this mission. The natural beauty was a major factor, along with a great government.
